Interest and Skill Areas:

In order for us to realize your skill areas and work experience, please identify your work history for the past 10 years (please go back further if there is more variety through previous positions as well) Please be sure to include begin/end dates and name of the employer, and position. You may use a separate sheet of paper if necessary.

We are hopeful to visit with you in more detail about each area of the Crossroads ministry and what the probable activities would involve for that area. Please check below on the general descriptions you may be interested in:

GENERAL SITUATIONS:

- Helping young parents to consider their options for a pregnancy at a time that parenting is not a natural option
- Mentor a child/teen in order to provide positive relationship, role model, restore healthy self-esteem, nurture good decision making skills—from fishing to baking, to watching them at their events!
- Work with young parents to understand healthy, nurturing discipline, provide support, and teach life skills—make it fun, show God’s design for families, invite them with your family!
- Model healthy relationships and decisions with adults who may not find that to come naturally
- Provide support to a caregiver in a way that provides them support, encouragement, conversation, and stress management—a few errands, recognizing the unique struggles, listen, laugh!
- Befriend an elderly person through sharing any areas of interest they have, being with them emotionally, and offering practical support—a game of checkers, a cup of coffee, a drive!
- Find information and resources for folks according to what areas of interest they bring into Crossroads
- Assist with general office and program management, public introduction and awareness, fund raising
- Provide specific professional skills to the management of Crossroads or specific program areas

Crossroads desires to intentionally grow their programs, even create more, in order to make an impact on the communities within Crawford County.
